and accountability,
a finest
handcrafted skill
is required.

Product features

- QUALITY
- RANGE
- RELIABILITY
- DESIGN

QUALITY

Each product is based on the idea of offering a perfect technique that ensures high performances and long life.

Smooth surfaces

Perfect glaze

Perfect edges

Technology and hygiene

RANGE

Excellent modularity and a wide range that includes many shapes, sizes, colours and finishes to meet any customer need.

12 ceramic colours

Large number of products

Numerous products for different types of installation

Different price ranges

RELIABILITY

Maximum reliability is ensured by the rigorous design, excellent production phase and control of each product, starting from the raw materials.

Mechanical resistance

Water tightness test

Certifications

International Standards

DESIGN

The ability to offer a solution to every problem passes through the study and development of a functional design that incorporates comfort and aesthetic taste.

A design for everyone

Space-saving solution

Simplified restructuring

Aesthetic styles for all tastes

Water saving

Can we save water in your bathrooms?

Water is a precious element of life. Our aim is to get maximum cleaning with less water. In our new research & development we successfully use less water that give more cleanness in our sanitary ware product.

With this development we can save maximum water for future generation.

Rimless

The ultimate rimless technology for your bathroom

A rimless toilet made for significantly easier cleaning and a clear improvement in hygiene. There is no build-up of bacteria and no possibility for limescale to lurk. The rimless technology ensures quintessential hygiene with effective flushing that offers an efficient solution ensuring that the entire inner surface is rinsed throughout the flushing process.

We create leading-edge products, by combining innovative solution and excellence in terms of aesthetics and functionality. Our range is developed by soft molded shapes that slenders its impressive volumes. The products have easily adoptable to modern and classic ambience and have lovely ceramic gloss finishes.

RIMLESS-DESIGN

TOILET BOWL WITHOUT AN EDGE

The rimless design is standard for all special toilets. It means that the toilet bowls do not have any difficult-to-reach places in which dirt and bacteria can accumulate. This makes it possible to clean the toilet far more quickly, easily and thoroughly. Sonara has produced rimless toilet bowls.
